hereby agree to the following terms concerning the breeding of the two dogs below:

Two or more live puppies at the time of birth constitutes a litter. If the dam does not conceive or only has one live puppy at birth, a repeat breeding will be offered until the dam has a total of 2 live puppies. Dam owner is to notify stud dog owner 45 days post breeding that the dam is not pregnant. Failure to notify stud dog owner constitutes a null and void contract. A letter from a certified veterinarian shall be provided to the stud dog owner for the proof that the dam is not bred or that she had less than two live puppies at birth. The repeat breeding is not transferable to a different dam. If the stud of choice is unavailable for any reason a substitute will be made available.
